## SUMMARY

Highly creative and dependable Front-end Web Developer with a superb work ethic. Broad and deep knowledge in a wide variety of computer languages as well as the principles and techniques of website construction and maintenance.

## EDUCATION

### **Covenant University, Ota** — *Management Information Systems*

AUGUST 2016 - DECEMBER 2022

I got my BSc with a Second Class Upper in Management Information Systems.

## PROJECTS

### **Foodle!!!** — *HTML, CSS and Javascript*

I built this project around the spoonacular api, the site allows a user to search for a recipe and get details on it as well as save that recipe for the future.

### **Journey to Fullstack!!!** — *Hashnode Blog*

I created a blog to help aspiring developers overcome early struggles by describing some of the obstacles I faced and how I overcame them
